Dr Ramsey Jabbour

Specialist Pain Medicine Physician
BSc(Hons) MBBS FAFOEM FFPMANZCA

Dr Jabbour is a dual-qualified Specialist Pain Medicine Physician and a Specialist Occupational Physician. His key interests include the management of chronic pain such as back and neck pain, sciatica, persistent post-surgical pain, neuropathic pain, complex regional pain syndrome (CRPS) and musculoskeletal overuse injuries. He also specialises in treating abdominal pain, pelvic pain, diabetic neuropathy, headache syndromes, regional pain and peripheral vascular disease.

Background

Dr Jabbour is highly skilled in using advanced, minimally invasive neuromodulation techniques to control pain, such as radiofrequency ablation and spinal cord stimulation. His treatment approach aims to reduce pharmacological therapy use and improve the patient's quality of life.

He completed his medical degree in 2001 from University College London, United Kingdom. He successively trained as a general practitioner, gaining a distinction in his UK college membership exams. Dr Jabbour subsequently worked in London, gaining experience in occupational health, injury management and musculoskeletal injuries.

In 2008, Dr Jabbour emigrated to Australia and served as Senior Medical Officer for over five years at two large LNG construction sites – both in an onshore and offshore environment. During this time, he completed his occupational physician training, gaining the Deane Southgate Award for the fellow graduating with the highest aggregate mark for written and practical examinations.

Dr Jabbour undertook further training in pain medicine and gained the Merit Award in the Faculty of Pain Medicine fellowship examinations.
